(4) He has been in receipt of Rs 450/- in grade 300-25-450 from 1-7-1925.

(5) The remaining proposals are dependent upon the promotion of Mr Balaji Rao as Dy Director

Submitted for orders with references

(6) It is stated that the offg. arrangements recommended for Messrs. Lakshmana Rao and Ramachandra Rao have been proposed "without any prejudice to the claims of the other Senior Officers of the Dept." The implications of this may be kindly noted upon in the Geol. Section, as also the other proposals.

The Work of the Deptt has not increased — On the other hand the work seems to be getting less. The necessity for a Deptl Dir with a whole time Dir is not apparent.

(12) In case the Dy Dir's post is decided to be filled up, then the other arrangements proposed will have to be considered. The proposal re Mr V. T. Venugopal is in order but the same is not the case re Mr S. Lakshmana Rao. For he is too junior an Officer and will reach the maximum of his grade and in Feb 38 in the ordy course. Perhaps these Officers may be left where they are for the time being. In these days of financial stringency it seems desirable that Officers in the immediate to higher grades shd be considered and when they have reached the maximum of their grades.

(13) In case permanent arrangements are going to be made the question of what shd be done with the two Asstt Chemists will also have to be considered. They have reached the maximum of their grade & unless the other higher offices are thrown open to them or higher grades created for them, they will have to stagnate on their present pay till they retire.

Final Note by the First Member of Council.

Subject:—

Confirmation of Mr. A. M. Sen as Director of Geology and consequential arrangements.

(24) With His Highness' gracious approval, Mr. A. M. Sen, Deputy Director, was appointed to act as Director of Geology from July 1932 on the retirement of Mr. P. Sampat Iyengar. Mr. Sen now requests that he may be confirmed as Director, and that Mr. Balaji Rao, Assistant Geologist, may be promoted as Deputy Director.

(25) The appointment of Deputy Director was created in 1927 when the post of Director was combined with that of Professor of Geology in the University. This combination arrangement has now ceased and there is a full time Director in charge of the Department of Geology and there is, therefore, no need to have a Deputy Director as well. The subject was considered in Council on 4th March 1933 when it was resolved as follows:-

> "Mr. Sen may be confirmed as Director. The post of Deputy Director may be abolished."

(26) The Resolution of the Council may be graciously approved.

DEVELOPMENT SECTION
7 FEB. 1933

To

S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

SIR,

Adverting to my letter No.6177-71 dated 22nd July 1932 in which I submitted certain recommendations regarding the promotion of some officers of this department, I have the honour to submit again the following proposals for the favourable consideration and sanction of Government.

Owing to the retirement of Mr. P.Sampat Iyengar, M.A., from service from 1st July 1932, the post of the Director of this department has permanently fallen vacant. In their order No.4453-5/C.B. 157-31-1 dated 27th June 1932, Government were pleased to appoint me to act as Director on Rs.800/- per mensem from 1st July 1932; and since that date I have been acting as such. I beg to state that I have acted as Director from 1923, on and off, during leave vacancies, covering a period of over 3 years and 9 months, up to date. Under these circumstances, I beg to request that Government may be pleased to confirm me as Director of this department.

With my confirmation as Director, the post of the Deputy Director falls vacant permanently. Mr. B.Balaji Rao, the next senior officer (as Assistant Geologist) was unfortunately absent on long leave due to ill health from the time Mr. P.Sampat Iyengar retired from service. Mr. Balaji Rao has now recovered from illness and has joined duty from the 23rd December 1932. As already pointed out in my letter of the 22nd July 1932, I

I consider it necessary that the post of the Deputy Director should be filled up to help me in carrying on the administration work of the department. This would enable me to devote more time and attention towards scientific work. At present the department is working shorthanded owing to the retirement of Mr. Sampat Iyengar and the foreign deputation of Mr. B.Rama Rao. Mr. Balaji Rao has already acted as Deputy Director for nearly two years and as Senior Geologist previously for nearly a year during leave vacancies. He drew the maximum pay (Rs.450/-) of his grade as Assistant Geologist in 1925; but unfortunately he lost the Duty allowance of Rs.50/-p.m. from 1st October 1931 which he was drawing in addition as Superintendent of the Government Chrome Mines at Byrapur and Talur from August, 1929. He gets superannuated in October 1934 and has only a period of about 1 year and 8 months more for active service.

Under these circumstances it is quite expected that he should ~~work~~ look forward to get a promotion when a permanent vacancy occurs. This department is a small one with only a few officers; and none of them can expect to get a promotion unless a vacancy occurs either by leave or retirement. Taking all these points into consideration I strongly recommend that Mr. Balaji Rao may be appointed as Deputy Director in addition to his duties as Superintendent of the Government Chrome Mines with effect from the 1st January 1933 on Rs.550/- p.m. as I consider him well fitted for the post; one increment in advance has been recommended as Government were pleased to grant him Rs.100/- as special allowance during the period of his acting as Deputy Director on previous occasions.

(2)

If Mr. Balaji Rao is appointed as Deputy Director, there will be a vacancy in the grade of Assistant Geologists, and to fill up this place, I submit the following proposals for the kind consideration and sanction of Government:-

(3)

(1) Mr. V.T.Venugopal, B.A., may be appointed Assistant Geologist in this vacancy and he is to be seconded in the department while he is to continue on other duty in the Mysore Iron Works as at present.

(2) Mr. S.Laksmana Rao, B.Sc., Sub Assistant Geologist, to

to officiate as Assistant Geologist, vice Mr. V.T.Venugopal, seconded and employed on other duty at the Mysore Iron Works.

(3) Mr. T.P.Krishnachar, B.Sc., - now acting as Sub Assistant Geologist, may be confirmed as sub Assistant Geologist, vice Mr. V.T.Venugopal - to be promoted as Assistant Geologist.

(4) Mr. M.B.Ramachandra Rao, B.Sc., Field Assistant, to officiate as sub-Assistant Geologist in place of Mr. S.Lakshmana Rao, to officiate as Assistant Geologist. The post of the Field Assistant need not be filled up at present.

The Officiating arrangements recommended for Messrs. Lakshmana Rao and Ramachandra Rao are proposed without any prejudice to the claims of the other senior officers of the department.

I beg to request that Government may be pleased to consider favourably all the above recommendations and sanction them.

Early orders of Government are solicited.

I have the honour to be,

Sir,

Your most obedient servant,
